| Exam Authorization & Affirmation | |
|---|-------|
| <p>We are often asked to conduct a purchase examination for a potential horse buyer. Sometimes, both the buyer and the seller are clients of Anoka Equine Veterinary Clinic. We value all our clients and prefer to avoid situations that could potentially jeopardize our relationship with either party. However, we are willing to perform the pre-purchase examination if both the buyer and the seller agree to the following terms: the veterinarian will represent the buyer's interests, the exam will be conducted objectively, the seller will provide all relevant medical records to the buyer, and the seller may be present during the examination.</p> <p>The information provided above is true and complete to the best of my knowledge and belief. I approve the indicated release of records and pre-purchase exam requirements.</p> | |
